This is a parely vegetable compound, prepared on arrest by scientific principles, after the manner of the celebrated Holland Professor, Bost have. Because of its great success in most or the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wundeerful medicinal virtues must be acknowledged.
